

## ODZ Consultants

Helping clients manage their compliance is a continuous challenge for consulting companies specialized in a regulation-heavy sector, and requires appropriate tools.

*«The best way to help our clients manage their compliance is to connect our knowledge to their sites, our experience of regulatory monitoring to the most efficient compliance management tool».*

Pierre Odorizzi, CEO and founder of ODZ Consultants

### Offer the best services to our clients!

ODZ chose to create a holistic service offering to answer its clients' growing need to manage environment, health and safety regulatory compliance.

- Identify monthly applicable regulations
- Distribute it to its clients
- Implement online tool to manage compliance and action plans
- Permanent hot-line
- Audit
- Action plans recommendations
- Assessment of action plan efficiency.

*«We had the skills and knowledge. We needed the best online compliance management software. We selected Tennaxia. Since then, our service offering is clear and our clients are satisfied».*
